Turn here and follow Cana Island Rd. to Bues Point Rd. Park at Bues Point Boat Launch.

Just north of Baileys Harbor turn here and follow County Rd. Q to Cana Island Rd.

Park & Dive Here

Cana Island Light House

Lake Michigan

Because it's protected, Moonlight Bay is usually calm unless the wind blows from the south. This is a shallow shore dive. You might get as deep as 20 ft. Since it's a boat launch, it's an easy entrance into the water. You'll see lots of large boulders. And lots of fish too. A good dive site for starters. Easy in, easy out and something to see. Afterwards, head over to Cana Island and check out the Cana Island Light House.
